2. Questions and Responses:

Question 1	Is it possible for the sites to receive 1,000 bags per delivery for the first order per location to start the season with? Is this a format that would work for your location?
Response 1	<i>Unfortunately, no. We can not store that many bags at a time at the sites and still keep them out of the elements. Also, in case we experience fire bans/ bad weather, we do not purchase such large quantities at a time.</i>
Question 2	The fees and remuneration asked for monthly fees, you have provided the number of campsites, can you provide any information on how much wood was used in previous years? Either monthly or for the season.
Response 2	<i>Please see below Item #01 for correction of proposed fees and remuneration.</i>

	<i>See Addendum #1 for previous year amounts.</i>
