1. Instructions: Addendum #01 clarifies questions that have been asked in relation to the Mandatory Evaluation Table on page 25 of Athabasca County’s RFP No.: AC2026-06 (APC Reference No.: AB-2026-01480) Firesmart Wildfire Hazardous Fuel Management Program.

This addendum forms part of the contract documents and is to be read, interpreted, and coordinated with all previous documents issued. The following information supplements and supersedes information previously issued in the Invitation. Acknowledge receipt of this addendum in your RFP submission.

2. Questions and Responses:

Question 1	In the Mandatory Evaluation Table, it states attendance at the site viewing is mandatory, cannot find a date for the pre-bid meeting, can this be clarified?
Response 1	We removed the mandatory site viewing from the RFP but missed the reference in the Evaluation Table on page 25. There will be no mandatory site viewing, and proponents are authorized to view the site on their discretion.

3. Updated Information/correction to RFP

Mandatory Evaluation Table		
Criterion	Yes	No
Proponent has the capability to carry out the prescription in Appendix E between Milestone #1(March 27, 2026) and Milestone #3 (June 1, 2026).		
Proponent has the required Worker’s Compensation Board (WCB) and Insurance coverage.		
The successful proponent must provide a valid COR or SECOR .		

The Mandatory Evaluation Table correction to the Criterion, reflects the removal of “The proponent attended the Mandatory site viewing”. The corrected table in Addendum #1 now supersedes information that had been previously issued in the Invitation.
